

Position: SharePoint Consultant

Who is Nexus Innovations?

Technologies and clients are at the core of what **Nexus Innovations** is all about, and if you are a technology professional who is **inspired by adventure**, change, learning, teamwork and service, you may find a great career fit at **Nexus Innovations**. We consider our employees our number one asset and it shows in everything we do – from investing in their professional development to offering them a challenging, rewarding and supportive environment. The pace is fast; however we also balance our work with life's priorities of family and community. Our company [culture and values](#) are key in assuring that trust and respect flourish with both clients and our teammates.

As a **SharePoint Consultant**, you will work as part of the Solutions Team to, develop, implement, and support technology-based Solutions for our client's key business processes. The Solutions include:

- Corporate Intranet development and support
- Business process automation
- Custom SharePoint applications
- SharePoint feature enhancement
- SharePoint document management

What can you expect in the Senior SharePoint Consultant Position?

- Meeting with clients onsite to assist team members
- Assist in the development out of SP features with the team
- Assist in the development of page layouts, custom display templates, and home page designs
- Support ongoing requests for additions or issues that may arise
- Fulfillment from seeing clients excited

What background will make you successful?

- Basic experience implementing Microsoft Office SharePoint to address business needs
- Basic knowledge of Microsoft SQL Reporting Services
- Bachelor's Degree in MIS, Computer Science, Business or related areas
- Microsoft developer certifications desirable, but not required
- Proven commitment to solving problems and delivering client solutions
